OBJECTIVE

To associate myself with esteemed organization where I can utilise my work and inter personal skills in contributing effectively towards the growth of the organisation that offers me professional growth while bringing resourceful innovative and flexible

EDUCATION

Parul University, Electronics and Communication engineering- B tech

Jun 2019 – Jun 2023

PROJECTS

Third eye for blind

Feb 2022 – Feb 2022

I have designed a special wearable device based on the Arduino board which can be worn like a cloth for blinds. The intensity of vibration and rate of beeping increases with decrease in distance and this is a fully automated device.
